

Severn Vale School - ECO news!

Phew! It's been a busy term with the ECO team with interviews for new members following our recruitment drive in Term 1 and assemblies about climate change.

In case you have missed it in the news there is a UN summit on climate change starting on the 7th December where world leaders - including the USA (they refused to sign an agreement last time) are meeting together in Copenhagen (that's in Denmark) to reach an agreement to cut emissions of greenhouse gases (ask your Science/Geography teacher!).

If you are still not sure about climate change- have you noticed the weather recently?! Check out the bbc website for more! <http://www.bbc.co.uk/climate/>

Happy Christmas and remember to **recycle** your Christmas cards

(go to your local supermarket) and **reuse** your wrapping paper!

Make an ECO new years resolution for 2010 – What will you do?!

Are you ready to change?
